Education

Quantum University

Bachelor Of Computer Application (BCA)

- CGPA (Till 5th Sem) : **7.66/10.0**

Roorkee, Uttarakhand

2022 – 2025

Sree Ayyappa Public School

Class XII (CBSE)

- Percentage : **76%**

Bokaro steel city, Jharkhand

2021

Nav Utkramit High School

Class X (JAC)

- Percentage : **88.60%**

Kendua, Jharkhand

2019

Internship

ML Research Scholar

National Institute of Technology

June 2023 - Aug 2023

Patna, Bihar

- Developed a clickbait detection system using autoencoders and handcrafted features.
- Enhanced expertise in Python for Machine Learning, NLP, Big Data Analytics, and Statistical Analysis.

Projects

Local Community Crisis Support Platform

JavaScript, MERN stack

- A community-driven platform where users can request or offer help during emergencies such as food, shelter, medical aid, and mental health support.

Secure File System

A full-stack web application that allows users to securely upload, store, download, and delete files using authentication and encryption. Built with the **MERN stack** (MySQL, Express, React, Node.js) and styled using **Tailwind CSS**.

Hand Gesture Drawing Application

| Python, OpenCV, MediaPipe, NumPy

- Developed a hand gesture-based drawing app with real-time tracking, incorporating color selection and drawing features on a virtual canvas.

Web Scrapping Chatbot

| Python, Selenium, BeautifulSoup, Google Gemini API

- Developed a web scraping chatbot using Selenium and BeautifulSoup to extract and analyze web content, integrating Google Gemini API for insights and an interactive query interface.

Technical Skills

- **Programming Languages:** Java, JavaScript, HTML, CSS
- **Backend Development:** RESTful APIs, Node.js, Express.js
- **Databases:** MySQL
- **Tools & Platforms:** GitHub, Docker, API Development
- **Concepts:** Object-Oriented Programming (OOP), DSA, Database Management, Operating Systems, Computer Network

Achievements

- **CodeX Club(2023-24)** Core Member (Organizer & Event Handler): Organized events like hackathon, Workshops and managed projects based on MERN stack.
